

Elmira Heights School District has completed the inspection of all schools and buildings in accordance with the laws regarding asbestos as a potential health hazard for students, employees and visitors.

Also, a management plan has been developed in compliance with the Asbestos Hazard Emergency Response Act, which includes training of maintenance staff for safe handling, periodic reinspection surveillance and limited abatement by trained personnel. A copy of this management plan is available upon request by contacting Todd VanHouten at (607) 734-7114.
